## PUBLIC WORKS COMPLETES BIG TRASH AHEAD OF SCHEDULE

**BETHANY (Apr. 20, 2017)** – The City of Bethany Public Works Department completed the city’s first quarterly big trash pickup in record time! Pickup was supposed to run the full week, Monday through Friday, but staff completed the task early this morning, putting them two full days ahead of schedule.

Public Works Director David Buchanan said, “I am incredibly proud of my staff and all of their hard work. We weren’t sure how this initial quarterly pickup would go, but things ran very smoothly and my guys were quick and effective. I couldn’t ask for a better crew.”

The city would also like to thank citizens for being understanding about the changes that were made to big trash pickup, which includes limiting each residence to 12-cubic yards (changed from the 48-cubic yard limit in previous years) and only making one pass-through on each street, as opposed to two when the pickup was done on an annual basis only.

The next Quarterly Big Trash Pickup will be this July. Visit our website at [cityofbethany.org](http://cityofbethany.org) and follow us on social media to stay connected to all of the exciting things going on in our city!
