ACTION: Raquelynne Diaz, Comm. Dev. Associate presented the staff report to consider a request for a special exception to Section 158.091(E) of the Bethany Code of Ordinances to allow the sale of used, licensed motor vehicles as an accessory use, subject to the following conditions: (1) The sale of used, licensed motor vehicles shall be an accessory use customarily associated with the primary business; and (2) the accessory use shall be located on the same lot as the primary business. Also, the applicant is asking the Board to allow the continued use of the free-standing sign. The zoning of 7501 NW 23rd and surrounding properties was presented as well as a photo of the current business. The Board must apply the seven criteria in Section 158.091 (E) to determine whether the applicable criteria for a special exception has been met by the applicant. (158.091

Rules of Decision attached) Raquelynn Diaz, Comm. Dev. Associate noted there has been no sign permit documenting approval of this current freestanding sign.

Mason, Schwartz, Attorney for Applicant gave a presentation. We ask the Board to grant a special exception on the car sales as an accessory use to the primary use of property and on the four by eight freestanding sign to be used for purposes of advertising the accessory sale operation. We will get sign permit approval if that is what is required.

Matt Goodwin, Chair asked what are the parameters of a free-standing sign?

Brett Crecelius, Comm. Dev. Director asked are you inquiring about the permitting process or requirements?

Matt Goodwin, Chair said yes. What all does it encompass on free-standing signs, and legally within the boundaries of what we are able to do.

Ray Jones, City Attorney stated the Board can grant a variance to permit the sign to be placed on the Goodyear sign. It would be a simple variance since you have a pre-existing sign already on property. It would be in the Board's purview to grant a variance.

Brett Crecelius, Comm. Dev. Director stated to the first part of the question, we will work with the property owner for make sure proper permits are taken care of even though the sign is already up.

Carla McQuaid, resident of 7600 NW 24th St. said she came to meeting to get clarification of what is happening because there is an empty lot which is about a half a block down and we know John owns it. We just want to make sure that was not where they are putting a used car lot. Ms. McQuaid stated she does not have a problem with the request presented tonight.

Jon Martin, resident of 7524 NW 24th St. stated he had the same concerns, but does not have a problem with request presented tonight.

Motion was made by Matt Goodwin, seconded by Wayne Clements to approve the request(s) as presented for 7701 NW 23rd St. The votes are as follows: AYE- Matt Goodwin, James Fenno, Wayne Clements. NAY- None. ABSTAIN- None. The motion carried unanimously 3 – 0.

NEW BUSINESS

There was no new business.

Matt Goodwin, Chair adjourned the meeting at 6:41 p.m.

Staff Report

August 13th, 2026

CASE NO: BA 26-04

Request: Consider a request by Boomtown Sign Co, Applicant and Kevin Chambers, Property Owner, for a variance to § 153.16(D)(2)(a)(1) of the Bethany Code of Ordinances, which stipulates that in the CBD district, each tenant shall be allowed one building-mounted sign for each building elevation. At the location of 6800 NW 39th Expy.

Legal Description: BETHANY CITY ADD 019 000 PT OF BLK 19 BEG 29.42FT S OF NW/C OF SD BLK TH SE438.23FT S703.01FT W403.32FT N812.14FT TO BEG

Property Zoning: CBD (Commercial Business District)

Proposed Variance: Requesting a variance to § 153.16(D)(2)(a)(1)

Surrounding Zoning:

Direction	Zoning
North	E-1 (Educational/Institutional)
South	R-1 (Residential One-family)
East	CBD (Commercial Business District)
West	C-G (Commercial General)

Background:

The property located at 6800 NW 39th Expressway is the site of Bethany Children's Health Center. The subject building is part of the ongoing expansion of the health center campus. During the review of the applicant's sign permit, it was noted that the application included more than one building-mounted signs on a single building elevation. Pursuant to Ordinance § 153.16(D)(2)(a)(1), properties within the CBD District are permitted one building-mounted sign per tenant per building elevation. Staff advised the applicant of this limitation, and in response, the applicant submitted a variance request to allow the signage as proposed. Included in the packet will be a rendering of the site map showing the proposed signs.

Analysis:

A variance can be granted only if ALL of the seven conditions listed below have been met. Please provide a statement after each condition indicating how your request meets each condition.

- (1) Special conditions and circumstances exist which are peculiar to the land, structure or building in the same zoning district;**
 - a. There are unique conditions related to this property, structure, or building that do not apply to other properties in the same zoning district.
- (2) The special conditions and circumstances do not result from the actions of the applicant;**
 - a. The special conditions affecting this property were not caused by the applicant.
- (3) Granting the variance requested will not convey on the applicant any special privilege that is denied by ordinance to other lands, buildings or structures in the same zoning district;**
 - a. Granting the variance requested will not convey on the applicant any special privilege. Other buildings in the area have multiple signs on their storefronts.
- (4) Literal interpretation of the provisions of the code would deprive the applicant of rights commonly enjoyed by other properties in the same zoning district under the terms hereof and would work unnecessary and undue hardship on the applicant;**
 - a. The request is not to gain a special advantage, but to allow the property to function similarly to others nearby. Granting this request will not negatively impact surrounding properties.
- (5) The variance granted is the minimum variance that will make possible the reasonable use of the land, building or structure;**

- a. The variance requested is the smallest change needed to allow reasonable use of the property. It does not go beyond what is necessary and stays consistent with the intent of the ordinance.
- (6) The grant of the variance will be in harmony with the general intent and purpose hereof; and**
 - a. Granting this variance is consistent with the purpose and intent of the ordinance.
- (7) Such variance will not be injurious to the area involved or otherwise detrimental to the public welfare.**
 - a. Granting this variance will not harm the surrounding area or negatively affect the public.

Required Action: Hold a public hearing to either grant or deny a variance to Section 153.16(D)(2)(a)(1) of the Bethany Code of Ordinances to allow the installation of more than one building mounted sign per building elevation at 6800 NW 39th Expy.

(a) Building-mounted signs. 1. Each tenant shall be allowed one building-mounted sign for each building elevation.

A variance can be granted only if ALL of the seven conditions listed below have been met. Please provide a statement after each condition indicating how your request meets each condition.

Special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same zoning district.

There are unique conditions related to this property, structure, or building that do not apply to other properties in the same zoning district.

The special conditions and circumstances do not result from the actions of the applicant.

The special conditions affecting this property were not caused by the applicant.

Granting the variance requested will not convey on the applicant any special privilege that is denied by ordinance to other lands, buildings or structures in the same zoning district.

Granting the variance requested will not convey on the applicant any special privilege. Other buildings in the area have multiple signs on their storefronts.

Literal interpretation of the provisions of the ordinance would deprive the applicant of rights commonly enjoyed by other properties in the same zoning district under the terms hereof and would work unnecessary and undue hardship on the applicant.

The request is not to gain a special advantage, but to allow the property to function similarly to others nearby. Granting this request will not negatively impact surrounding properties.

The variance granted is the minimum variance that will make possible the reasonable use of the land, building or structure. The variance requested is the smallest change needed to allow reasonable use of the property. It does not go beyond what is necessary and stays consistent with the intent of the ordinance.

The grant of the variance will be in harmony with the general intent and purpose of the ordinance. Granting this variance is consistent with the purpose and intent of the ordinance.

Such variance will not be injurious to the area involved or otherwise detrimental to the public welfare. Granting this variance will not harm the surrounding area or negatively affect the public.

City of Bethany – Board of Adjustment

Staff Report

August 13th, 2026

CASE NO: BA 26-05

Request: Consider a request by Troy Rhodes, Applicant and Bethany First Church of the Nazarene, Property Owner, for a variance to § 153.16 of the Bethany Code of Ordinances, which stipulates that an illuminated sign shall not be located within 150 feet of a residential zoned property. At the location of 6900 NW 41st St.

Legal Description: BETHANY CITY ADD BLK 008 LOTS 1 THRU 16 EX S15FT OF LOT 9 THRU 11 and BETHANY CITY ADD BLK 006 LOTS 1 THRU 12 EX S28.5FT EXEMPT

Property Zoning: E-1 (Educational/Institutional)

Proposed Variance: Requesting a variance to § 153.16

Surrounding Zoning:

Direction	Zoning
North	E-1 (Educational/Institutional) & R-1 (Residential One-family)
South	CBD (Commercial Business District)
East	E-1 (Educational/Institutional) & C-G (Commercial General) & R-1 (Residential One-family)
West	C-G (Commercial General) & R-1 (Residential One-family) & C-H (Commercial Highway).

Background:

The property located at 6900 NW 41st Street is part of the Bethany First Church campus. There are two subject property sites that are associated with ongoing improvements to the campus. During the review of the applicant's sign permit application, staff noted that the proposal included illuminated signs located within 150 feet of property zoned R-1. Pursuant to Ordinance § 153.16, illuminated signs are prohibited within 150 feet of a residentially zoned property.

Staff advised the applicant of this limitation. Therefore, the applicant submitted a variance request to allow the illuminated signage as proposed. Included in the packet is a site plan rendering identifying the location of the proposed signs.

Analysis:

It is important to note that the parking lot owned by Bethany First Church is currently zoned R-1 and is located within one of the 150-foot buffer areas. Additionally, Educational/Institutional uses do not have a separate section within the sign regulations. Instead, these uses are subject to the sign regulations applicable to Commercial Districts.

Furthermore, the applicant notes that one of the property sites is already illuminated by existing sports lighting poles. The proposed signage would require illumination levels that are substantially lower than those produced by the sports lighting fixtures located directly above the signs. As such, the additional illumination associated with the signs is expected to have a minimal impact relative to the existing lighting conditions on the site.

Analysis:

A variance can be granted only if ALL of the seven conditions listed below have been met. Please provide a statement after each condition indicating how your request meets each condition.

- (1) Special conditions and circumstances exist which are peculiar to the land, structure or building in the same zoning district;**
 - a. For signs 3 through 8, the requested illuminated signs are nearer than 150 feet to residential property which is owned by BFC and used by BFC for parking. The lots were formally used for housing but was purchased by BFC for parking decades ago. These circumstances are peculiar to this property because BFC owns the property for both the signs and the residentially zoned property within 150'.

- b. Signs 1 and 2 are requested illuminated signs which are nearer than 150 feet to the residential property which is not owned by BFC. These two particular signs are located on the same BFC-owned property where sports lighting standards were installed in 2024, which did not require any special approval or variance. This is peculiar to this property because of the church's proximity to the neighborhood which it serves and the degree of lighting for signage is significantly less than the sports lighting that is directly above these two signs.
- (2) The special conditions and circumstances do not result from the actions of the applicant;**
 - a. The circumstances regarding the variance requests do not result from actions of the applicant.
- (3) Granting the variance requested will not convey on the applicant any special privilege that is denied by ordinance to other lands, buildings or structures in the same zoning district;**
 - a. In a conventionally zoned Educational-Institutional district, internally illuminated signage is allowed. Churches are allowed by right in a residentially zoned property because they are not commercial in nature and are intended to serve the neighborhoods where they exist.
- (4) Literal interpretation of the provisions of the code would deprive the applicant of rights commonly enjoyed by other properties in the same zoning district under the terms hereof and would work unnecessary and undue hardship on the applicant;**
 - a. Other properties within Educational-Institutional zoning districts enjoy the right to provide illuminated signage for the entities that exist on those properties. Restricting the use of illuminated signage would introduce undue hardship on the property owner.
- (5) The variance granted is the minimum variance that will make possible the reasonable use of the land, building or structure;**
 - a. Yes, the variances requested are the minimum variance that will make possible the reasonable use of the land being consistent with the surrounding BFC property.
- (6) The grant of the variance will be in harmony with the general intent and purpose hereof; and**
 - a. The purpose of the ordinance is to restrict commercial illuminated signage from encroaching on residential neighborhoods. Since churches are allowed by right in residentially zoned property, the requested variance provides a harmonious intent with the ordinance's intent.
- (7) Such variance will not be injurious to the area involved or otherwise detrimental to the public welfare.**
 - a. The requested variances will not be detrimental to the public welfare and will not be injurious to the area involved because the illuminated signage

will be used for a church which is in keeping with the intent for churches to be allowed in residentially zoned property.

Required Action: Hold a public hearing to either grant or deny a variance to Section 153.16 of the Bethany Code of Ordinances to allow the installation of illuminated signage within 150 feet at 6900 NW 41st St.

Ordinance Number

153.16

State what is the variance requested, giving distances where appropriate.

Variances are requested for several illuminated signs for Bethany First Church of the Nazarene as part of their current Campus Renewal project. With one exception, BFC owns the residentially zoned property (being used as BFC parking lots) which are within the 150-foot limit written within Ordinance 153.16 which states that an illuminated sign shall not be located within 150 feet of a residential zoned property. Please see attached exhibit which shows each instance where a new sign is requested that would be in conflict with this ordinance along with the distances from the sign to the nearby residentially zoned property.

A variance can be granted only if ALL of the seven conditions listed below have been met. Please provide a statement after each condition indicating how your request meets each condition.

Special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same zoning district.

For signs 3 through 8, the requested illuminated signs are nearer than 150 feet to residential property which is owned by BFC and used by BFC for parking. The lots were formally used for housing but was purchased by BFC for parking decades ago. These circumstances are peculiar to this property because BFC owns the property for both the signs and the residentially zoned property within 150'. Signs 1 and 2 are requested illuminated signs which are nearer than 150 feet to the residential property which is not owned by BFC. These two particular signs are located on the same BFC-owned property where sports lighting standards were installed in 2024 which did not require any special approval or variance. This is peculiar to this property because of the church's proximity to the neighborhood which it serves and the degree of lighting for signage is significantly less than the sports lighting that is directly above these two signs.

The special conditions and circumstances do not result from the actions of the applicant.
The circumstances regarding the variance requests do not result from actions of the applicant.

Granting the variance requested will not convey on the applicant any special privilege that is denied by ordinance to other lands, buildings or structures in the same zoning district.

In a conventionally zoned Educational-Institutional district, internally illuminated signage is allowed. Churches are allowed by right in a residentially zoned property because they are not commercial in nature and are intended to serve the neighborhoods where they exist.

Literal interpretation of the provisions of the ordinance would deprive the applicant of rights commonly enjoyed by other properties in the same zoning district under the terms hereof and would work unnecessary and undue hardship on the applicant.

Other properties within Educational-Institutional zoning districts enjoy the right to provide illuminated signage for the entities that exist on those properties. Restricting the use of illuminated signage would introduce undue hardship on the property owner.

The variance granted is the minimum variance that will make possible the reasonable use of the land, building or structure. Yes, the variances requested are the minimum variance that will make possible the reasonable use of the land being consistent with the surrounding BFC property.

The grant of the variance will be in harmony with the general intent and purpose of the ordinance.

The purpose of the ordinance is to restrict commercial illuminated signage from encroaching on residential neighborhoods. Since churches are allowed by right in residentially zoned property, the requested variance provides a harmonious intent with the ordinance's intent.

Such variance will not be injurious to the area involved or otherwise detrimental to the public welfare.

The requested variances will not be detrimental to the public welfare and will not be injurious to the area involved because the illuminated signage will be used for a church which is in keeping with the intent for churches to be allowed in residentially zoned property.

4. Present Zoning: E-1 (Educational/ Institutional)
5. Nature of Application: Consider a variance to § 153.16 of the Bethany Code of Ordinances, which stipulates that an illuminated sign shall not be located within 150 feet of a residential zoned property.
6. Bethany Ordinance in Question: § 153.16

B. Hearing Schedule

By State Law, any property owner within three hundred (300) feet of any Board of Adjustment action is to be notified prior to the public hearing. An application has been filed asking for the above mentioned relief.

The Bethany Board of Adjustment will conduct a public hearing on August 13th, 2026, at 6:15 P.M. concerning the application. At this hearing, any interested citizen will be given the opportunity to speak to the Board concerning the proposed action. Any action taken by the Board will be final except by appeal to District Court. **IF YOU HAVE AN OPINION ON THE APPLICATION, YOU SHOULD ATTEND THIS HEARING.**

C. Location of Hearings

The Bethany Board of Adjustment will during its regular session hold a public hearing at Bethany City Hall, 6700 NW 36th St., Bethany, OK 73008

NOTICE OF PUBLIC HEARING

On August 13, 2026, at 6:15 p.m. the Bethany Board of Adjustment will during its regular session hold a public hearing at Bethany City Hall, 6700 NW 36th St., Bethany, OK 73008 for the following: Consider a request by Troy Rhodes, Applicant and Bethany First Church of the Nazarene, Property Owner, for a variance to § 153.16 of the Bethany Code of Ordinances, which stipulates that an illuminated sign shall not be located within 150 feet of a residential zoned property. At the location of 6900 NW 41st St.

The City of Bethany encourages participation from all its citizens. If participation at any public meeting is not possible due to a disability, notification to the City Clerk at least 48 hours prior to the scheduled meeting is encouraged to make the necessary accommodations. The City may waive the 48-hour rule if signing is not the necessary accommodation.
